

MYSTERY MANOR CAST

15 PLAYER GAME

BOB GUBANSKI	Radio Announcer. He's looking for an opportunity to move into the big time. The wrong decision may get him a big time funeral.
ANN FRANKLIN	A scientist with good credentials. Well maybe pretty good. Well, at least she graduated from some place.
ED PARKER	Brother of Connie Parker. Very macho. Viet Nam hero. Out to prove something. We aren't sure he knows what yet.
CONNIE PARKER	Ed's sister. She goes where Ed goes. Very loyal, but now beginning to realize the difference between loyalty and stupidity. This may be the last shared experience if Ed doesn't use good sense.
ART DESMOND	Delivery Driver. We don't know what he is doing in the game. Neither does he, but we needed another player to even things out.
ROBIN DIXON	She just wants a good night's sleep. Not all the hassle she is going to get when this group invades the scene.
TYRONE BRUFFEY	His name appears to be remarkably similar to BruffeyManor. Could there be a connection or is this a coincidence.
SUSAN FOLSOM	She hopes to be able to gain from this night's activity. She knows what FBI means. It is interesting that her name is the same as a large prison in California. Maybe she doesn't have much imagination in her choice of an alias.
SKIP	A pizza delivery boy who wants to make something more of himself than a cheese slicer.
WINKIE	Skip's friend and companion as often as he will let her. Not afraid of dark places!
JEANNIE FAMBRINIE	Deals in tickets. She can fix yours if you pay her. Deals in death.
TRIXIE WINTROP	Very nice person except for her pet likes. One of those folks you enjoy as a stranger.
ARNOLD YANCY	Very slight law enforcement record. Family problems over the normal reason - money.
EDITH ZENITH	Had an abnormal childhood. Worth staying on the other side of the party in case she wants to talk with you.
FERNY REER	One of the high lights of his night is to find a "Queen Frilly". Is there a fungus among us?
